

Public Notice of 401 Certification and WDR Applications

WDID No	6A310803001
Applicant Name	Desautels 2000 Trust/Heigh-Ho, LLC
Agent	Kevin Agan
Project Name	Desautels 2000 Trust/Heigh-Ho New Multi-Use Pier Project
Receiving Water Name	Lake Tahoe
Project City	Kings Beach
Project County	Placer
Status	Pending/Incomplete
Project Purpose and Description	Installation of a new multi-use pier and two 6,000 pound boatlifts.
Date Received:	3/3/2008

WDID No	6A310803004
Applicant Name	Jack Beckman, Tahoe City PUD
Agent	Auerbach Eng. Corp.
Project Name	Lakeside Trail Phase V-VII
Receiving Water Name	Lake Tahoe
Project City	Tahoe City
Project County	Placer
Status	Pending/Incomplete
Project Purpose and Description	To build the last phase of a Class 1 bicycle/multi-use trail in Tahoe City next to the lake. This part of the trail (2,670 feet long) will connect at either end with previous phases and will cross one perennial creek, its floodplains, and a seasonal wetland.
Date Received:	3/13/2008

WDID No 6A091001001

Applicant Name Eric Weldon, Sierra Pacific Power

Agent

Project Name Meyers 3400 Rebuild Project

Receiving Water Name Taylor Creek and Tallac Creek

Project City South Lake Tahoe

Project County El Dorado

Status Pending/Incomplete

Project Purpose and Description Replace 79, 40-foot tall electrical distribution poles with 45-foot tall poles within the existing easement. 31 of existing 45-foot tall poles will be reframed to support the new conductor and to meet avian protection standards. The poles will be installed using truck-mounted augers and line trucks in areas with existing access roads and will hand-dig and helicopter set poles in areas without access road or in wetland environments. No new roads will be constructed. Old poles will be cut off at ground level and removed from the project area either by truck or helicopter.

Date Received: 1/19/10

WDID No 6A311003001

Applicant Name Michael Gross, Squaw Valley Ski Corporation

Agent Marcus Bole

Project Name Gold Coast Dam Pond Dam Raising

Receiving Water Name unnamed trib to Squaw Creek

Project City Squaw Valley

Project County Placer

Status Pending/Incomplete

Project Purpose and Description The project involves raising the dam on Gold Coast Pond on an unnamed tributary to Squaw Creek to hold additional water during the winter months for artificial snow making.

Date Received: 3/10/10

WDID No 6A261003003

Applicant Name Dan Holland, Caltrans District 9

Agent

Project Name Caltrans Walker River Riprap

Receiving Water Name Little Walker River

Project City Bridgeport

Project County Mono

Status Pending/Incomplete

Project Purpose and Description Caltrans proposes to place riprap along 50 feet of the Little Walker River bank to redirect the majority of the flow of the river back into the main channel. Rock will be placed by excavator at the inlet of the sub-channel. No excavation of the channel is proposed.

Applicant Name Tahoe RCD
Agent
Project Name Asian Clam Control Project
Receiving Water Name Lake Tahoe
Project City South Lake Tahoe
Project County El Dorado
Status Received
Project Purpose and Description Project would temporarily place large rubber mats on the bottom of a portion of Lake Tahoe. A total of 42 rubber strips, 10'X100' each, will be placed by divers and barge operators. The divers will unroll the strips, overlapping the strips by approximately 4 inches. The mats would then be removed 3 months after installation in July 2010.
Date Received: 4/20/10

WDID No 6A091005005

Applicant Name University of Nevada, Reno, Sudeep Chandra

Agent

Project Name Ponar Benthic Sampling Project

Receiving Water Name Lake Tahoe

Project City South Lake Tahoe

Project County El Dorado

Status Pending/Complete

Project Purpose and Description Benthic community sampling conducted to characterize the benthic macroinvertebrate community in the treatment area for Asian Clam control. Information gathered during the project will be used to refine benthic monitoring associated with future Asian Clam treatment.
